

## Interfaith Week at Bradford Cathedral

### Christianity and Islam

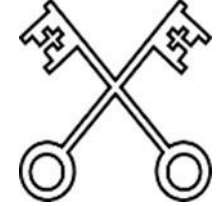

Name: ..... School: ..... Year: .....

A Cathedral is a special church. Most of the spaces, objects, windows, artwork and symbols in Bradford Cathedral are special. They remind Christians of things, stories, beliefs, responsibilities, or special times. They make this space 'sacred'. This means it is different and more special than a place in the everyday world, but it is also a place that is for all the people who live in Bradford, of all faiths and none.

Other religions have sacred spaces too. Can you think of one? \_\_\_\_\_

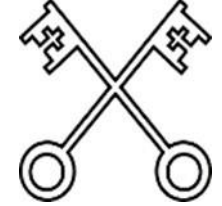

## EXPLORING A SACRED SPACE AND SPECIAL THINGS

Write down one fact about each of the places that you explore focusing on the Cathedral or Christianity and a similar fact that you already know about a mosque or Islam. The first one has been done for you.
